

Coral Reef

Coral Reef

The Coral Reef pool is an extension of our Bahama Braceless range and features a structural deep end. Just like the Bahama, the Coral Reef is constructed using the best components to ensure years of stress free enjoyment. This braceless pool is made from quality BlueScope Steel and is engineered for both inground and above ground installations. It is covered by our 20 year warranty.

Features

- Exclusive non-slip 170mm wide top coping with rounded edges for added safety
- Braceless design minimises excavation and creates a streamlined look when installed above ground
- 1.37m wall height is the tallest available in the market giving you greater water depth
- Structural deep end giving a total depth of approximately 1.9m
- True 0.5mm heavy duty liner as standard
- Available in woodgrain and sandstone colour schemes
- Marine grade nuts and bolts – designed for use around water

- 11.57 x 4.5 x 1.9m (including deep end)

Each local council has its own set of regulations concerning the installation of modular pools. Sterns Pools recommend that you contact your local council to be certain of regulations before commencing installation.

Choose your liner

Every Sterns Pool comes with a light or dark liner as standard, however we also offer a variety of premium printed liner options. All liners are made by Sterns Pools from true 0.5mm heavy duty material and are backed by our 10 year limited warranty.
